

High Quality Laminate, Veneered & Solid Wood Profiles

# Welcome to Universal Mouldings

**Welcome to the 3rd edition of our acclaimed catalogue detailing our growing range of flooring profiles, with many new products and the latest decors.**

From our factory and distribution centre in Aintree, Liverpool, we continue to service the flooring industry with high quality accessories and great service.

As a prime manufacturer we are able to meet the ongoing demand for new designs, with a commitment to offer designs to compliment the latest flooring trends.

Our new developments include a fabulous range of stained oak colours, created to compliment the finest real wood and engineered floors.

If you can't see what you need here, please contact us! We are constantly developing new products, and have the facility to manufacture custom profiles to your specifications.

# Investing in the Manufacturing

The last year has been one of significant investment at Universal, as we have sought to bring in the latest technology to increase production and maximise efficiency. This has been a vital process in the battle against rising material, energy and transport costs, ensuring stable and competitive prices for our customers. We have also invested in new supplier partnerships, helping us to maintain our vast range of decors as well as developing new products.

# Profiles & Trims

Designed to compliment any laminate floor, a range of perfectly matching MDF door / edge profiles, available in all of our FC decors. Finished with a durable protective wear-layer, our 'T', Ramp, and End profiles are stocked in both 1m and 3m lengths, and supplied with fitting channel and fixings. All are suitable for laminate floors up to 10mm.

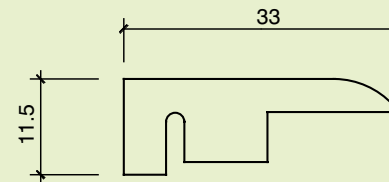

Transition profile forms a Ramp from laminate to a tile or vinyl. For floor heights 6 – 10mm with durable wear resistant surface.

T PROFILE Laminate to laminate / carpet, threshold profile. For floor heights 6 – 10mm with durable wear resistant surface.

A traditional 15mm scotia profile available in around 30 decors – please check for availability before ordering. Supplied in 2.4m lengths, 50 per tube.

Versatile square cornered End Profile for finishing around vertical surfaces such as fireplaces & patio doors. Can be fitted against skirting as a contemporary alternative to scotia.

All door profiles and trims are available in our latest laminate decors, see page 16.

LAMINATE ACCESSORIES

# Skirting Board & Architrave

A perfectly matched skirting board can help to enhance the overall appearance of the laminate floor as well as adding an air of quality and class to a room. We manufacture a range of skirting profiles as well as a torus / door architrave, all of which are available in all FC decors. Profiles are produced in 2.4 metre lengths and packed in 5's.

## 2½" Torus/Architrave

A versatile profile which can be used as a small skirting or decorative trim, as well as a door architrave. Available in all FC decors, allowing a continuous run of matched profile around the doorway.

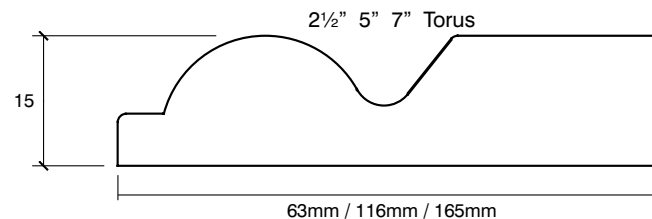

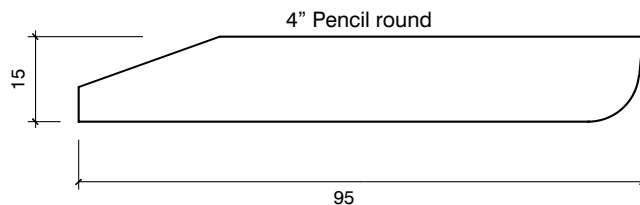

## 5/7" Torus/Architrave

A great traditional profile available in all FC decors to match any laminate floor. Stable and consistent, each 2.4m length is engineered to guarantee minimal waste.

## 4" Pencil Round

For a clean, contemporary profile, the 4" pencil round takes some beating. Available in all FC decors, can be glued or pinned for fast & economical fitting.

**Skirtings and architraves are available in our latest laminate decors, see page 16.**

# UNISTAR Transition Profile

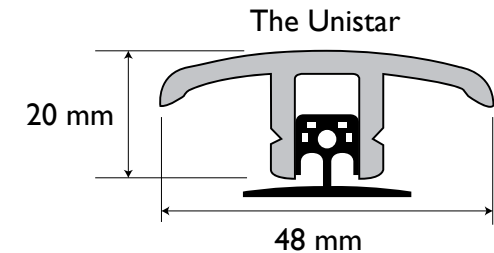

Using the same unique patented system as the Combistar, the Unistar combines remarkable flexibility with economy, for a truly versatile multi purpose transition profile.

Available in ALL of our FC laminate decors, including the very latest colours, the Unistar has a durable protective coating and is supplied with all necessary fixings.

900mm or 2700mm lengths, packed 5 lengths per tube.

## Fixing And Technical Info

- Combines a transition/ramp and levelling/ T profile
- Suitable for all modern floors; one profile for laminate, cork, tile, veneered, multi-layered and solid floors
- Transition for same level floor thickness from 7-21mm
- Mounting track can be screwed or glued down
- Compensates difference in floor heights up to 17mm
- Adapts automatically in height and inclination
- Profile easily reduced by cutting lower leg at groove
- Top profile clips easily into place, covering expansion gap up to 16mm
- Available in all FC decors, finished with hard wearing surface layer

## HOW IT WORKS

Mark and fix the track to the floor by screwing or gluing down.

Fit the clips to the track align before pushing top onto clips.

Align top with clips before pressing down.

The Unistar adapts for both height and inclination

COMPLETE  
FC  
RANGE

Page 16

For a video demonstrating full installation & assembly instructions visit our website [www.universalmouldings.co.uk](http://www.universalmouldings.co.uk) and follow the links for Unistar.

# PAINTABLE PROFILES

A comprehensive range of paintable profiles finished with our versatile recoatable white foil. The brilliant white surface can be used as it comes, or can be coated on site as required. For a totally white room finish we can also supply Unistar, T, Ramp & End profiles to match. Simply order decor FC14 in the profile required.

Please note that all door plates have a protective wear-layer and are therefore not paintable.

7" Torus/Architrave

5" Torus/Architrave

2½" Torus/Architrave

18mm Scotia

15mm Scotia

**See pages 6,9 and 10 for profile dimensions.**

Scotia and skirting profiles are all supplied in 2.4 metre lengths, with scotia tubed in 50's and skirting packed in 5's.

Our MDF profiles are machined to the highest standards using UK sourced boards. We can also produce customised profiles to your specification, subject to minimum order quantity and lead time. Please contact us for more information.

# LAMINATE PIPE COVERS

For the finishing touch to any laminate flooring installation, our new improved pipe surrounds are available in full range of FC decors, and now boast a **SELF ADHESIVE** backing! Supplied in packets of 4, these functional and economical trims can make all the difference to a job, as unsightly gaps around radiator pipes simply disappear. Just peel off the protective cover and stick down. Neat and easy!

AVAILABLE IN ALL OF THE LATEST FC COLOURS INCLUDING...

ARKTIS PINE WOOD

BASTILE OAK MATT

EMPIRE OAK WOOD

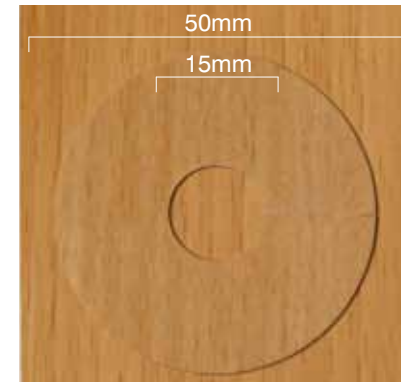

IMPERIAL OAK WOOD

Easy to fit, super flexible disc with self adhesive backing.

Simply peel off the backing and stick down.

Pipe surrounds are also available in Solid Wood see page 33.

Page 16

# UNISTEP STAIRNOSING

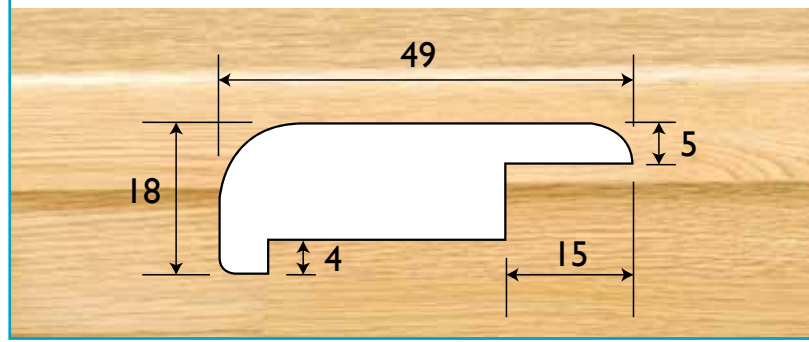

A high quality HDF universal nosing profile for use with 7-8mm laminate flooring. The decors are matched to our FC range of colours and are protected with an AC rated, slip resistant surface coating. Designed to be glued in place using our specially developed stair nosing adhesive, the UNISTEP offers a simple and cost effective solution to finishing laminate stairs and steps.

The **UNISTEP** is available in selected decors\* in 1m, 2m and 3m lengths.

FC2	FC18	FC33	FC43	FC45
FC54	FC56	FC57	FC58	FC59

\*Please check with us for availability on all decors.

# STAIRNOSING BOX SET

The Unistep box set contains 13 one metre lengths of universal stairnosing profile, along with our incredible fast bond adhesive. Designed to save you time and money, the Unistep box is a smart package that can be carried from trade counter to site easily and efficiently. No clumsy lengths, no waste, no fuss.

Box contents as shown, simply specify the FC decor that you need.

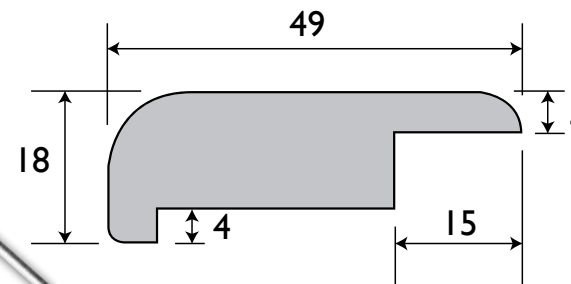

## Unistep Multi-Purpose Foaming Adhesive

A fast bond foaming glue developed for use with the Unistep stairnosing. Bonds in minutes, can also be used on doorplates, skirting boards, carpet gripper, even wood flooring. 310ml cartridge fits standard sealant guns.

*Quick, Easy and Efficient.  
A Stairnosing Set In A Convenient Carry Pack!*

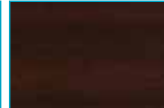

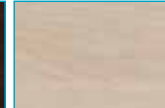

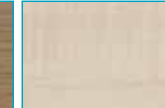

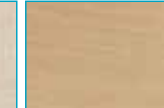

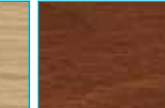

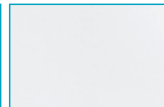

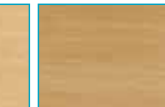

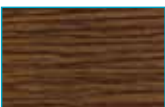

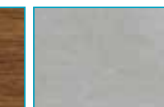

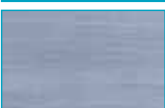

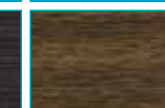

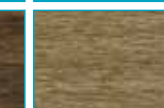

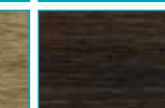

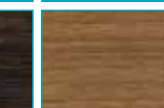

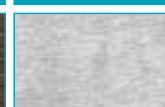

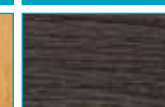

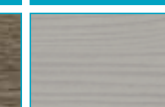

# LAMINATE DECORS

Our range of stock decors continues to grow, as we bring in new and exciting designs to match the latest developments in laminate flooring. Because we are a prime manufacturer, we are able to design and create custom printed decors which we can then apply to any of our MDF profiles. These 'FC' decors are then cross referenced to specific floors, for perfect matches to laminates from all of the leading manufacturers.

# COMBISTAR MULTI PROFILE

With a real wood veneered surface, UV lacquered for durability, the unique Combistar combines flexibility with economy for a truly multi-purpose transition profile. Available in all of our stock 'VS' real wood veneers, including the VS18 Raw Oak finish, which can be stained and lacquered on site. Why carry numerous shapes and sizes of door transition profile when the Combistar can do it all!

- Combines a transition/ramp and levelling/T profile
- Suitable for all modern floors; one profile for veneered, multi-layered and solid floors
- Transition for same level floors from 7 - 21mm
- Mounting track can be screwed or glued down
- Compensates difference in floor heights up to 17mm
- Adapts automatically in height and inclination
- Profile easily reduced by cutting lower leg at groove
- Top profile clips easily into place, covering expansion gap up to 16mm
- Available in all VS veneered decors, UV lacquered for durability

**NEW!**

Latest stained oak shades now available.

The Combistar is stocked in 900mm and 1800mm lengths and supplies with all necessary fixings. Packed 5 Lengths Per Tube. See Page 11 for assembly instructions.

# VENEERED SKIRTING BOARD

Our veneered skirting range features two profiles in a range of VS real wood veneer finishes. Veneers offer great stability and consistency, with a prime quality hard wood veneer bonded to a finger jointed profile. The veneer surface is sealed with a UV varnish for a long lasting and hard wearing finish.

# SOLID OAK ACCESSORIES

SOLID OAK ACCESSORIES

# SOLID OAK SCOTIA

**NEW!**

High quality 19mm solid oak scotia taken from the finest american white oak, stained and lacquered to match the latest solid flooring decors, or available sanded (unfinished) to stain on site. Also available lacquered or unfinished in larger 22mm profile. Available in 2.4m lengths and packed in tubes of 20.

# SOLID OAK TRIMS **NEW!**

American white oak end (border) and cover-strip profiles, both available in all WS stained and lacquered finishes. The end profile is supplied in 0.9m and 2.7m lengths, and comes with pvc fixing track. Coverstrips are available in 1m and 3m lengths. Both profiles are individually packed and tubed in 5's.

END PROFILE

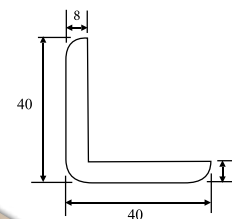

COVERSTRIP

# SOLID OAK LIPPING **NEW!**

A versatile American white oak nosing profile measuring 40x40x8mm, available in all WS stained and lacquered finishes. Can be used as a nosing on steps and stairs, or to finish exposed edges such as around mat wells. The nosing profile is supplied in 3.0m lengths and is tubed in 5's.

WS1 OAK

WS1 OAK

# SOLID PIPE COVERS

**NEW!**

For the finishing touch, solid oak pipe covers in both sanded and lacquered oak, as well as all of the new WS stain colours. The new 'lo-rise' 6mm thick profile is laser-cut to a jigsaw effect, so the pieces join seamlessly. Designed to fit around 15mm diameter radiator pipes.

Laser cut into 2 pieces that fit together seamlessly, without the need for dowels or glue.

Solid pipe surrounds are supplied bagged in pairs. 15mm pipe aperture.

Available in all new wood stain colours, plus raw oak, which can be stained and varnished for custom finishes.

SOLID OAK ACCESSORIES

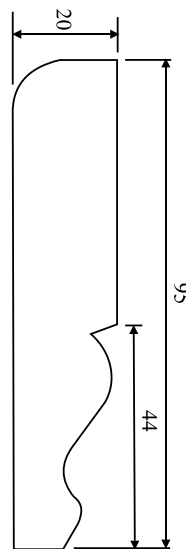

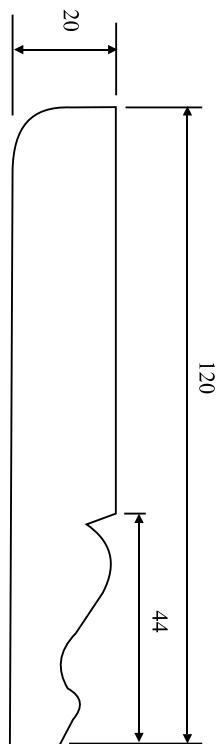

# SOLID OAK SKIRTING

LENGTH SUMMARY			
Scotia 19mm 2.4m	Scotia 22mm 2.4m	T profile 0.9 / 2.7m	Ramp profile 0.9 / 2.7m
Semi Ramp 0.9 / 2.7m	End profile 0.9 / 2.7m	Stair nosing 3.0m	Skirting profiles 2.4m

REVERSIBLE SKIRTING, combining torus and pencil round profiles on either side, available as 120mm and 95mm high in 2.4m lengths. Packed 5 per box. Lacquered or sanded. Can be fixed using glue or pins. Profile thickness 20mm.

# ACCESSORIES

ACCESSORIES

# FIXING KITS

Our Laminate Fixing Kits are neatly packed with a hanger card and are supplied in boxes of 10. Each kit contains tapping block, metal Z puller and spacers for expansion gaps.

# CORK EXPANSION STRIPS **NEW!**

Pack of 18 cork expansion strips, each 600mm x 12.5mm x 7.5mm, giving a linear run of around 11 metres. Cork has excellent thermal and acoustic properties, as well as being a totally natural product.

Our new Cork Strip fills the expansion gap around the perimeter of the room, and allows for the natural expansion and contraction of your laminate or real wood floor. Quick and easy to use, the strips are flexible and can be trimmed to length and width to fit awkward gaps.

# TECHNO MATT BOARDS

A high performance, easy to lay rigid foam board with exceptional thermal and acoustic properties. A reduction in football noise of up to 22db, and a 2.2 tog rating for insulation, the Techno Matt is ideal for use with laminate click flooring, with moisture protection an added benefit.

Our bestselling underlay has exceptional thermal and impact sound insulation properties used with a suitable barrier tape, the panels can be joined to form a water vapour barrier.

The improved density of the boards has increased load resistance and as a result shape retention is excellent.

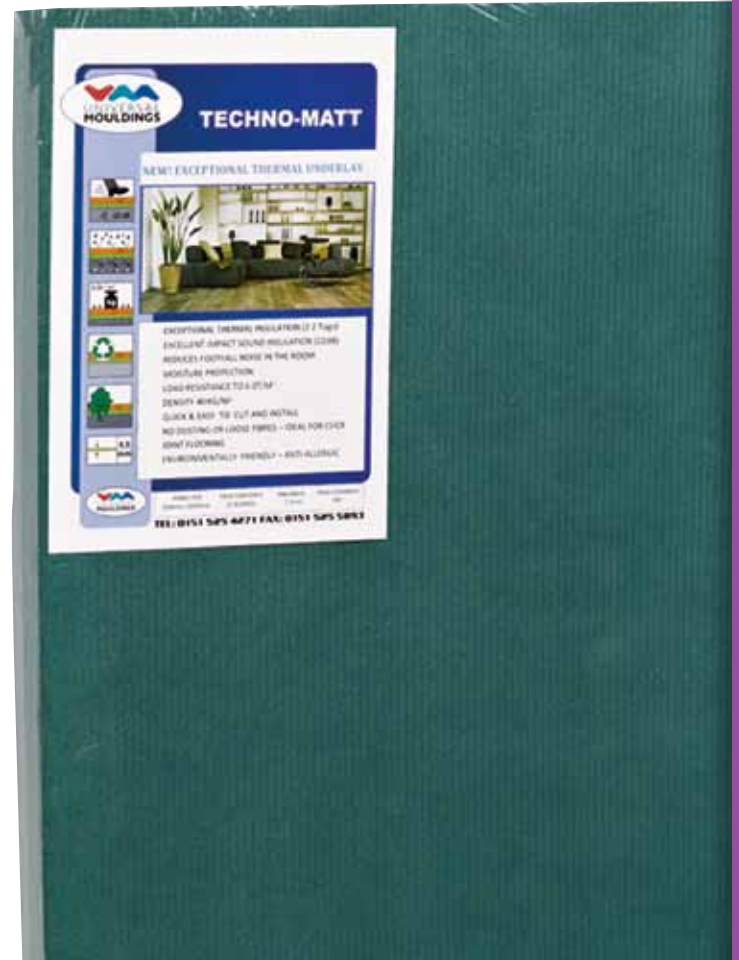

Techno-Matt is quick and easy to cut and install, and with no dust or fibres is an ideal base for laminate click-joint flooring.

**Board Size:** 500mm x 1000mm

**Pack Contents:** 10 boards

**Thickness:** 5.5mm

**Coverage:** 5m<sup>2</sup>

# UNDERLAYS

Quality underlays from basic foam rolls to hi-tec boards, plus barrier tape to aid moisture resistance. All available from our warehouse for immediate shipment.

## Acoustic White Foam

**Roll size:** 1m x 15m

**Thickness:** 2mm

**Coverage:** 15m<sup>2</sup>

**Material:** Polyethylene

An economical 2mm underlay for use underneath laminate boards. Can reduce noise transfer and level minor unevenness in the subfloor. Light and easy to use. If there is any risk of moisture vapour from the subfloor, we would recommend using a DPM, or simply switch to Barrier Plus.

## Barrier

**Roll size:** 1m x 15m

**Thickness:** 3mm

**Coverage:** 15m<sup>2</sup>

**Material:** Polyethylene

A high performance underlay designed to serve as a double sided damp-proof water vapour membrane. Installed correctly it will also reduce noise transfer and help extend the life of the wood / parquet flooring.

## Timbertech Original

**Roll size:** 1m x 10m

**Thickness:** 3mm

**Coverage:** 10m<sup>2</sup>

**Material:** Rubber / Aluminium

A natural rubber, high density underlay with integrated backing fleece and aluminium vapour barrier. Exceptional stability and highly effective impact sound insulation. Will help prolong the serviceable life of any floor covering.

**AT UNIVERSAL MOULDINGS WE UNDERSTAND HOW IMPORTANT STOCK MANAGEMENT IS TO YOUR COMPANY, SO WE STOCK ALL OF THE ABOVE VINYLs AT OUR WAREHOUSE IN AINTREE LIVERPOOL, FOR YOUR BENEFIT.**

**GL2, GL4 & GL9 PROFILES ARE AVAILABLE IN THE ABOVE VINYLs AND ARE ALL IN STOCK.**

**OTHER PROFILES ARE ALSO AVAILABLE WITH A SHORT LEAD TIME, DELIVERIES UPON REQUEST, PLEASE CONTACT OUR SALES TEAM FOR FURTHER DETAILS.**

# STORAGE & DISPLAY STANDS

Our popular point of sale concept has been a massive hit with retailers displaying our products in a retail showroom or trade counter environment. We can supply purpose-built stands that will accommodate any range of Universal profiles and accessories that you choose. Available in various orientations, each design can hold a large range of products and will be ideal for any retail situation.

Developed and manufactured by ourselves, the storage & display stands are designed to optimise your retail showroom space. We can also supply product display boards to use in a showroom or trade counter environment, a great selling tool and reference point for our profiles and colours.

Please contact us for more details.
